

SDS: NumbMe Numbing Cream SAFETY DATA SHEET

1. Identification Product Identifier: NumbMe Numbing Cream

Recommended Use: Topical Use on small area prior to tattoo service, 2"x2" maximum.

Company: Brow Tricks LLC 50 E James Court Dr Meridian, Idaho 83646

Contact Telephone: 2088613124

E mail: browtrickshelp@gmail.com

Emergency Phone Number: 2088613124 or Call local poison control

2. Hazard(s) Identification

Physical Hazards: Not classifiable

Health Hazards: Not classifiable

Symbol(s): None

Signal Word: None

Hazard Statement(s): None

Precautionary Statement(s): None

Hazards Not Otherwise Classified: Not classifiable

Supplementary Information: While this material is not classifiable as hazardous under the OSHA standard, this SDS contains valuable information critical to safe handling and proper use of the product. This SDS should be retained and available for all technicians using this product in case of Client Reactions.

3. Composition/Information on Ingredients

Chemical Name	CAS Number	Synonyms	Chemical Formula	Molecular Weight	Percentage
Lidocaine	137-58-6	Lignocaine	C ₁₄ H ₂₂ N ₂ O	234.3	5%
Tetracaine	94-24-6	Amethocaine	C ₁₅ H ₂₄ N ₂ O ₂	264.369	4%
Benzocaine	94-09-7	Ethyl 4-aminobenzoate	C ₉ H ₁₁ NO ₂	165.19	3%
Epinephrine	329-63-5	Benzyl alcohol	C ₉ H ₁₃ NO ₃	183.204	1%

*The formula also contains Carboxypolymethylene, Polyoxyethylene, Purified Water and Sodium Hydroxide to adjust pH between 9.0 – 9.4.

SDS: NumbMe Numbing Cream SAFETY DATA SHEET

4. First Aid Measures

Ingestion: If a person vomits place them in the recovery position so that vomit will not reenter the mouth and throat. Rinse mouth with water. If swallowed, seek medical advice immediately and show the container or label. Treat symptomatically and supportively. Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

Eye Contact: Remove from source of exposure. Flush with copious amounts of water for at least 15 minutes. If irritation persists or signs of toxicity occur, seek medical attention. Provide symptomatic/supportive care as necessary. Ensure that medical personnel are aware of the material(s) involved and are aware of precautions to protect themselves.

Skin Contact: Remove from source of exposure. Remove and isolate contaminated clothing and shoes. Flush with copious amounts of water for at least 20 minutes. Use soap. If irritation persists or signs of toxicity occur, seek medical attention. Provide symptomatic/supportive care as necessary. Ensure that medical personnel are aware of the material(s) involved and are aware of precautions to protect themselves.

Inhalation: Remove from source of exposure. Move individual(s) to fresh air. Give artificial respiration if individual(s) are not breathing and call emergency medical service. If signs of toxicity occur, seek medical attention. Provide symptomatic/supportive care as necessary. Ensure that medical personnel are aware of the material(s) involved and are aware of precautions to protect themselves.

Protection of First-Aiders: Use personal protective equipment (see section 8).

Signs and Symptoms: Cream is intended for topical use only under guidance of a physician. Cream is not considered hazardous under normal conditions.

Medical Conditions Aggravated by Exposure: No special precautions are necessary when handling packed product. In case of accident, avoid contact with skin and eyes.

Other Health Warnings: For topical use only. 2" x 2" inch area maximum. Do not apply for longer than 20 minutes. Do not use on Pregnant or Nursing individuals or people with heart problems.

Notes to Technician:

If severe reaction occurs, flush area with copious amounts of water for at least 15 minutes. If irritation persists or signs of toxicity occur, seek medical attention. Provide symptomatic/supportive care as necessary.

Signs of Toxicity include numbness in mouth or tongue, accompanied by dizziness or vomiting. Send client to ER IMMEDIATELY if this occurs. If client experiences a racing heart, also discontinue use of cream and seek medical attention.

If a person vomits place them in the recovery position so that vomit will not reenter the mouth and throat. Rinse mouth with water. If swallowed, seek medical advice immediately and show the container label.

SDS: NumbMe Numbing Cream SAFETY DATA SHEET

If a person vomits place them in the recovery position so that vomit will not reenter the mouth and throat. Rinse mouth with water. If swallowed, seek medical advice immediately and show the container or label. Treat symptomatically and supportively. Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

Lesser reactions include: Swelling, redness, tenderness, hardening of skin, hives. Remove source of exposure immediately at sign of reaction. (Take off numbing cream) and discontinue use. Cleanse with soap and water. Do NOT continue with tattoo service until reaction has resolved. A minor reaction is classified as such if reaction resolves within 1 hour. If the symptoms still remain or worsen within this time, medical advice.

Use personal protective equipment (see section 8).

Cream is intended for topical use only under guidance of a physician. Cream is not considered hazardous under normal conditions. Should not be applied on area bigger than 2"x2" or for longer than 20 minutes.

No special precautions are necessary when handling packed product. In case of accident, avoid contact with skin and eyes.

For topical use only.
Treat supportively and symptomatically.

4. Firefighting Measures

Suitable Extinguishing Media: Use water, carbon dioxide, dry chemical or foam as necessary.

Unsuitable Extinguishing Media: With small quantities use carbon dioxide extinguisher. For large fires use ample quantities of water with dry chemicals or foam as necessary.

Use water, carbon dioxide, dry chemical or foam as necessary.

With small quantities use carbon dioxide extinguisher. For large fires use ample quantities of water with dry chemicals or foam as necessary.

Specific Hazards Arising from the Chemical: Not determined.

Hazardous Combustion Products: Other Specific Hazards: Not determined.

Special Protective Equipment/ Precautions for Firefighters: Wear self-contained breathing apparatus and full and protective gear.

5. Accidental Release Measures

Personal Precautions: Use personal protective equipment recommended in Section 8 of this document and isolate the hazard area.

SDS: NumbMe Numbing Cream SAFETY DATA SHEET

Personal Protective Equipment: For personal protection see section 8.

Methods for Cleaning Up: Pick up in the most efficient manner. Soak up with sawdust, sand oil dry or other absorbent material.

Environmental Precautions: No data available.

Reference to Other Sections: Refer to Sections 8, 12 and 13 for further information.

6. Handling and Storage

Precautions for Safe Handling: Handle in accordance with product label and/or product insert information. Handle in accordance with good industrial hygiene and safety practices.

Conditions for Safe Storage, Including Any Incompatibilities: Keep container tightly closed and store between 59°F – 86°F. Store according to label and/or product insert information.

Specific End Use: Pharmaceuticals.

7. Exposure Controls/Personal Protection

Engineering Controls: Not required for the normal use of this product. Engineering controls should be used as the primary means to control exposures.

Respiratory Protection: Where respirators are deemed necessary to reduce or control occupational exposures, use NIOSH-approved respiratory protection and have an effective respirator program in place (applicable U.S. regulation OSHA 29 CFR 1910.134).

Eyes Protection: Safety glasses with side shields are recommended. Face shields or goggles may be required if splash potential exists or if corrosive materials are present. Approved eye protection (e.g., bearing the ANSI Z87 or CSA stamp) is preferred. Maintain eyewash facilities in the work area.

Hand Protection: For handling solutions, ensure that the glove material is protective against the solvent being used. Use handling practices that minimize direct hand contact. Employees who are sensitive to natural rubber (latex) should use nitrile or other synthetic non-latex gloves.

Skin Protection: Wear protective laboratory coat, apron, or disposable garment when working with large quantities.

9. Physical and Chemical Properties

Physical State/Color: White, off white, to soft pinkish color.

Odor: No data available.

Odor Threshold: No data available.

pH: 9.0 – 9.4.

SDS: NumbMe Numbing Cream SAFETY DATA SHEET

Melting Point: No date available.
Freezing Point: No date available.
Boiling Point: No date available.
Flash Point: No date available.
Evaporation Rate: Same as water.

Flammability (solid, gas): No date available.

Flammability Limit - Lower: No date available.

Flammability Limit - Upper: No date available.

Vapor Pressure: No date available.

Vapor Density: >1.
Relative Density: No date available.

Solubility(ies): Soluble in water.
Partition Coefficient (n-octanol/water): No date available.

Auto-Ignition Temperature: No date available.

Decomposition Temperature: No date available.

Viscosity: No date available.

10. Stability and Reactivity

Reactivity: No data available.

Chemical Stability: Stable under recommended storage conditions. Avoid sources of ignition.

Possibility of Hazardous Reactions: No data available.

Stable under recommended storage conditions. Avoid sources of ignition.

Conditions to Avoid (e.g., static discharge, shock, or vibration): No data available.

Incompatible Materials: Strong oxidizer.

Hazardous Decomposition Products: Does not undergo explosive decomposition.

Hazardous Polymerization: No data available.

11. Toxicological Information

SDS: NumbMe Numbing Cream SAFETY DATA SHEET

Information on the Likely Routes of Exposure:

Inhalation: No data available.

Ingestion: No data available.

Skin Contact: No data available.

Eye Contact: No data available.

Symptoms Related to the Physical, Chemical and Toxicological Characteristics: See Section 4. To the best of our knowledge, the chemical, physical and toxicological properties have not been thoroughly investigated.

Delayed and Immediate Effects of Exposure:

Acute Toxicity – Oral: No data available.

Acute Toxicity – Dermal: No data available.

Acute Toxicity – Inhalation: No data available.

Corrosivity: No data available.

Dermal Irritation: No data available.

Eye Irritation: Sensitization: No data available.

Toxicokinetics/Metabolism: No data available.

Target Organ Effects: No data available.

Reproductive Effects: No data available.

Carcinogenicity: Not considered to be a carcinogen.

Mutagenicity: No data available.

Aspiration Hazard: No data available.

12. Ecological Information

Ecotoxicity

Aquatic: No data available.

Terrestrial: No data available.

Persistence and Degradability: No data available.

Bioaccumulative Potential: No data available.

SDS: NumbMe Numbing Cream SAFETY DATA SHEET

Mobility in Soil: No data available.
Mobility in Environment: No data available.
Other Adverse Effects: No data available.

13. Disposal Considerations

Dispose of all waste in accordance with Federal, State and Local regulations.

14. Transport Information

UN Number: Not applicable.

UN Proper Shipping Name: Not applicable.

Transport Hazard Class(es): Not applicable.

Packing Group: Not applicable.

Department of Transportation: Not regulated as a hazardous material.

International Air Transport Association (IATA): Not regulated as a dangerous good.

International Maritime Dangerous Good (IMDG): Not regulated as a dangerous good.

15. Regulatory Information

US Federal Regulations: Not listed.

Toxic Substance Control Act (TSCA): Not listed.

CERCLA Hazardous Substance and Reportable Quantity: Not listed.

SARA 313: SARA 302: Not listed.

State Regulations California Proposition 65: Not listed.

16. Other Information

NFPA Rating:

Health: 0

Flammability: 1

Reactivity: 0
